Welcome to Milan

We are thrilled to welcome you – more than 4,200 delegates from over 70 countries – to Milan for an unforgettable congress from 24 to 26 October 2024 under the theme: **Details Make Perfection.**

This year's programme, expertly curated by the scientific committee, is designed to inspire and challenge, with each day focusing on a specific theme: The Fundamentals, State of the Art – Certainties, and Beyond the Limits. The sessions will deliver the latest evidence-based practices, with practical, take-home techniques that you can apply directly in your clinic.

As always, the congress offers a unique opportunity to learn from the best in the field. We are proud to continue our tradition of collaborating with leading local associations, partnering with the Italian Academy for Osseointegration (IAO) and the Italian Society of Periodontology (SIdP). Their valuable insights will enhance the programme, providing a well-rounded perspective on the latest advancements in implant dentistry.

This is the EAO's second visit to Italy in a decade, following our successful 2014 congress in Rome. We hope you enjoy the dynamic and cosmopolitan city of Milan, which offers not only a rich cultural and social scene but also an inspiring backdrop for our gathering.

There are countless reasons to be excited about this congress. You'll experience cutting-edge presentations, network with distinguished colleagues from around the world, and enjoy the unique atmosphere of one of Europe's most iconic cities.

If you cannot attend all sessions, we are happy to inform you that a selection of conferences will be available for free on our online platform as from November 5th.

On behalf of the EAO, IAO, and SIdP, we are honoured to have you here in Milan and look forward to an inspiring and successful congress together.

Programme overview

 = All sessions will be held in English and translated through AI into 60+ languages.

  = Sessions held in Italian (translation through AI available)

Thursday 24th October

The fundamentals

[illegible]

Scientific programme

THE FUNDAMENTALS Thursday 24th October

✓ 8:30 - 13:00

My first implant

JUNIOR COMMITTEE HANDS-ON WORKSHOP

📍 Room Amber 3+4

THEORETICAL PART

Osseointegration and factors influencing osseointegration, Implant surfaces, Implant characteristics

- Parallel wall vs conical
- Bone level vs tissue level
- Implant connections

Kathrin Becker (Germany)

Treatment planning and management of complications

Balazs Feher (Austria)

Surgical aspects of implant placement

- Step by step (incisions, flap design, 3D position)

Viraj Patel (UK)

This session has been organized thanks to the support of BioHorizons Camlog, Dentsply Sirona, Geistlich, Nobel Biocare, Osstem Implant, Straumann and HuFriedyGroup.

OPTIONAL
SESSION
100€ ONLY

Ridge Preservation Technique

Alfonso Gil (Spain)

Prosthetic rehabilitation of implants:

- Conventional tools / Digital tools
- Restorative materials

Miha Pirc (Slovenia)

PRACTICAL PART

Hands-on exercises

✓ 9:30 - 11:00 | **Industry forums organized by our partners**
See page 12 for more details

THE FUNDAMENTALS

Thursday 24th October

✓ 11:00 - 12:15

SESSION 1

Bone grafting the truth of the biology

📍 Room Gold

CHAIRS

Simon Storgård Jensen (Denmark)

Iva Milinkovic (Serbia)

Type of bone defects

Hendrik Terheyden (Germany)

Biomaterials and tissue reaction

Dieter Bosshardt (Switzerland)

Clinical indication for materials:

blocks vs particulate grafts

Thomas Starch-Jensen (Denmark)

SESSION 2

Understanding and managing the soft tissue at the implant level

📍 Room Como

CHAIRS

Francesco Cairo (Italy)

Silvia Masiero (Italy)

Hybrid vs. non-hybrid design implants: Influence on peri-implant soft tissue health

Daniel Buser (Switzerland)

Pros: abutment design at the level of soft tissues

Ana Torres (Spain)

Can soft tissue be predictably manipulated for a long term stability?

Raffaele Cavalcanti (Italy)

✓ 12:30 - 13:00 | **First-time attendees lunch at the MiCo**

Is this your first time attending our congress?

Join us for a short presentation on making the most of your experience, followed by lunch with fellow first-time attendees. No pre-registration required, just show up!

✓ 13:15 - 15:00

Opening ceremony

📍 Room Gold

followed by the session:

The challenge of multiple missing teeth in the aesthetic zone

📍 Room Gold

CHAIRS

Massimo Simion (Italy)

Irena Sailer (Switzerland)

Identifying the surgical and prosthetic challenges of multiple missing teeth in the aesthetic zone

Anne Benhamou (France)

Key factors in surgical management

Luca De Stavola (Italy)

Key factors in prosthetic management

Carlo Monaco (Italy)

YOUNG GENERATION SESSION
BY EAO, IAO AND SIDP

Leveling up implant dentistry: simplification through innovation

📍 Room Maggior

CHAIRS

Balazs Feher (Austria)

Guido Galletti (Italy)

Giorgio Pagni (Italy)

The present and future of AI in healthcare and implant dentistry

Nikos Mattheos (Thailand)

Bianca Frigerio (Italy)

✓ 13:45 - 16:15 | **Hands-on sessions organized by our partners**
See page 14 for more details

THE FUNDAMENTALS

Thursday 24th October

🕒 15:30 - 16:45

SESSION 3

Management of severely compromised dentition

📍 Room Gold

CHAIRS

Helena Francisco (Portugal)
Mariano Sanz (Spain)

Immediate placement and loading
João Caramês (Portugal)

Saving the residual dentition
Alberto Fonzar (Italy)

Stage approach
Konstantinos Chochlidakis (USA)

ORAL COMMUNICATIONS

Clinical research - Surgery 1

📍 Room Brown 3

Clinical research - Prosthetics 1

📍 Room Brown 1

Clinical innovations

📍 Room Garda

More information at app.eao.org

SESSION 4

Advances in implant macro and micro design

📍 Room Como

CHAIRS

Robert Haas (Austria)
Lucrezia Paterno Holtzman (Italy)

Macrodesign
Robert Levine (USA)

Microdesign
Ralf Smeets (Germany)

Ceramic implants
Michael Payer (Austria)

🕒 15:15 - 16:45

YOUNG GENERATION SESSION
BY EAO, IAO AND SIDP

Leveling up implant dentistry: simplification through innovation

📍 Room Maggiore

CHAIRS

Marianzela Alexopoulou (Greece)
Matteo Cordaro (Italy)
Maria di Martino (Italy)

🕒 17:00 - 18:00 | **IAO General Assembly** 📍 Room Maggiore

🕒 17:00 - 19:00 | **Industry forums organized by our partners**
See page 12 for more details

🕒 19:00 - 20:00 | **Get together party** - 📍 MiCo (exhibition)
Kick off your congress experience by reconnecting with old friends and making new ones!
Free and open to all participants.

🕒 20:00 | **EAO, IAO and SidP members and faculty cocktail dinner**
📍 La Pelota
Reserved for EAO, IAO and SidP members, 100 € per person.
Please note that places are limited and will be allocated on a first-come first-served basis.

🕒 22:30 | **Congress party** - 📍 Gate
Open to all participants. Free drink vouchers will be distributed at the welcome desk of the congress.

Come and see us at our stand
for all this and many more!

STATE OF ART - CERTAINTIES

Friday 25th October

9:00 - 10:15

SESSION 5

When to go digital and when to go analog?

Room Gold

CHAIRS
Oscar González Martín (Spain)
Carlo Monaco (Italy)

Surgery perspective
Gustavo Avila (Spain)

Restorative perspective
Lukas Waltenberger (Germany)

Lab perspective
Giuseppe Romeo (Italy)

SIDP PROGRAMME

In the garden of modern Periodontal and Implant treatment: implants surrounded by teeth

Auditorium

Modern concepts of periodontitis and peri-implantitis
Filippo Graziani (Italy)

Not surgical treatment of periodontitis and peri-implantitis
Luigi Nibali (Italy)

ORAL COMMUNICATIONS

Clinical research - Surgery 2

Room Brown 3

Basic research 1

Room Garda

More information at app.eao.org

9:00 - 11:30 | Hands-on sessions organized by our partners
See page 15 for more details

SESSION 6

Abutment junction: what's all the fuss about?

Room Como

CHAIRS
Shakeel Shahdad (UK)
German Gallucci (USA)

One time abutment concept
France Lambert (Belgium)

Hybrid implant design to maintain peri-implant tissues
Bjarni Pjetursson (Iceland)

Loading protocols
Paolo Casentini (Italy)

IAO PROGRAMME

Implant “r”evolution: the synergy between soft-hard tissue management and restorative therapy

Room Brown 1

CHAIR
Luca De Stavola (Italy)

Soft tissue management around implants
Massimo De Sanctis (Italy)

Implant therapy in periodontal patient
Giulio Rasperini (Italy)

STATE OF ART - CERTAINTIES

Friday 25th October

11:00 - 12:15

SESSION 7

The role of orthodontic tooth movement in treatment planning

Room Gold

CHAIRS
Kathrin Becker (Germany)
Nuno Sousa Dias (Portugal)

Interdisciplinary digital planning
Renato Cocconi (Italy)

Aligner Orthodontics. Are there any complex cases?
Chris Laspos (Cyprus)

Aesthetic solutions for complex cases using skeletal anchorage
Manuel Nienkemper (Germany)

SIDP PROGRAMME

In the garden of modern Periodontal and Implant treatment: implants surrounded by teeth

Auditorium

Live Surgery
Mauro Merli (Italy) from Rimini

ORAL COMMUNICATIONS

Basic research 2 More information at app.eao.org

Room Garda

Clinical video competition

Room Brown 3

CHAIRS
Balazs Feher (Austria)
Alfonso Gil (Spain)
Viraj Patel (UK)

During this session, 6 candidates will present their clinical cases in video format. The best presentation will be awarded the European prize for clinical video on implant dentistry at the awards ceremony on Saturday 26th October.

12:30 - 13:30 | Industry forums organized by our partners
See page 13 for more details

STATE OF ART - CERTAINTIES

Friday 25th October

13:45 - 15:00

SESSION 9

Recession around implants and teeth: what do I do?

Room Gold

CHAIRS
Gil Alcoforado (Portugal)
Federico Ausenda (Italy)

Root coverage of gingival recessions
Sofia Aroca (France)

The management of peri-implant soft tissue defects
Martina Stefanini (Italy)

SESSION 10

Full arch reconstructions: the surgical approach. When is it time to keep the dentition?

Room Como

CHAIRS
Ignacio Sanz Sánchez (Spain)
José Manuel Navarro (UK)

Minimally Invasive Full Arch Protocol in fully edentulous patients
Tiziano Testori (Italy)

Are there indications to bone resection?
Georg Mailath-Pokorny Jr. (Austria)

Ethical issues
Dominik Gross (Germany)

SIDP PROGRAMME

In the garden of modern Periodontal and Implant treatment: implants surrounded by teeth

Auditorium

Saving teeth with difficult prognosis using periodontal regeneration
Leonardo Trombelli (Italy)

Improving patient prognosis using orthodontic treatment
Mario Aimetti (Italy)

IAO PROGRAMME

Implant “r”evolution: the synergy between soft-hard tissue management and restorative therapy

Room Brown 1

CHAIR
Carlo Monaco (Italy)

The implant prosthetic interface in respect to peri-implant tissues
Eriberto Bressan (Italy)
Gianluca Paniz (Italy)

ORAL COMMUNICATIONS

Clinical research - Surgery 3

Room Brown 3

Basic research 3

Room Garda

13:45 - 16:15 | Hands-on sessions organized by our partners
See page 16 for more details

STATE OF ART - CERTAINTIES

Friday 25th October

15:30 - 17:00

Borderline cases regarding failing implants: keep and treat or remove?

Room Gold

CHAIRS
Isabella Rocchietta (Italy)
Francesco Cairo (Italy)

—

Perio
Jose Nart (Spain)
Surgery
Vivianne Chappuis (Switzerland)
Pros
Martjin Moolenaar (Netherlands)

PLENARY 2

SIDP PROGRAMME

In the garden of modern Periodontal and Implant treatment: implants surrounded by teeth

Auditorium

The issue of post extractive implant in periodontal patients
Nicola M. Sforza (Italy)

Soft tissue reconstruction at implant site
Alessandro Crea (Italy)

Long-term prognosis of implant therapy in periodontal patients
Rodolfo Gianserra (Italy)

Treatment of peri-implantitis with modern reconstructive therapy
Mario Roccuazo (Italy)

When predictable periodontal treatment is not possible. The challenge of totally edentulous jaw
Luca Francetti (Italy)

IAO PROGRAMME

Implant “r”evolution: the synergy between soft-hard tissue management and restorative therapy

Room Brown 1

CHAIR
Marco Ronda (Italy)

LIVE SURGERY

Implant placement after 10mm vertical GBR in advanced bone defect in the esthetic zone
Roberto Pistilli (Italy)
Massimo Simion (Italy)

17:15 - 18:15 | EAO General Assembly Room Brown 3

19:00 - 21:00 | EAO, IAO and SidP members Happy Hour
Maka Loft

9:00 - 10:15

SESSION 11
**Beyond the limits
of re-osseointegration**
Room Gold
CHAIRS
Katja Nelson (Germany)
Vivianne Chappuis (Switzerland)

Re-osseointegration in failed
implant sites
Hom-Lay Wang (USA)
Surgical treatment of peri-implantitis
at its limit
Frank Schwarz (Germany)

SESSION 12
**Beyond the limits
of prosthetic materials**
Room Como
CHAIRS
Stefan Wolfart (Germany)
Vincent Fehmer (Switzerland)
Current developments from the dental
material side, what are the hot topics?
Sven Reich (Germany)
Where do we have evidence for new
materials – a clinical and ethical
dilemma?
Benedikt Spies (Germany)
Monolithic full arch restorations
(within the full digital workflow)
Piero Venezia (Italy)

ORAL COMMUNICATIONS

Hands-on sessions

Detailed programme available at app.eao.org

At the time of printing this programme, some seats are still available, **participate in one of these sessions for only 99 €**

Thursday 24th October

Room Amber 7

13:45 - 16:15

Indication and surgical procedure for bone regeneration with 3D-printing individualized titanium mesh

SPEAKER
Pierre Keller (*France*)

Room Amber 5

13:45 - 16:15

How to minimize surgery in case of peri-implantitis and severe periodontitis

SPEAKERS
Anton Friedmann (*Germany*)
Vincenzo Iorio-Siciliano (*Italy*)
Péter Windisch (*Hungary*)

Room Amber 8

13:45 - 16:15

Digital: revolutionary custom segmented bar approach for all on x prosthetics

SPEAKERS
Wally Renne (*USA*)
Mike DeFee (*USA*)

Room Amber 6

13:45 - 16:15

Management of Peri-Implantitis in the Esthetic Area

SPEAKER
Alberto Monje

Room Amber 1

15:15 - 17:30

Regenerative techniques with hard and soft tissue solutions

SPEAKER
Luca De Stavola (*Italy*)

Friday 25th October

Room Amber 5

9:00 - 11:30

IOS full digital workflow for All-on-X - scanbody SmartFlag by APOLLO, game changing technology

SPEAKERS
Grzegorz Wasiluk (*Poland*)
Paweł Szuba-Paszkiwicz (*Poland*)

Room Amber 3

9:00 - 11:30

Regeneration of peri-implantitis infraosseous defects via a submerged GBR approach

SPEAKER
Hom-Lay Wang (*USA*)

Room Amber 1

9:00 - 11:30

Advanced biomaterials & implant-abutment connection for long-term success

SPEAKERS
Roberto Abundo (*Italy*)
Roberto Molinari (*Italy*)

Room Amber 4

9:00 - 11:30

The bioregenerative GBR approach in large bone defects for faster and predictable outcomes

SPEAKER
Mario Beretta (*Italy*)

Room Amber 6

9:00 - 11:30

The success of post extractive implants: management of hard and soft tissue and positioning in prosthetic guided surgery

SPEAKERS
Giulio Rasperini (*Italy*)
Francesco Zingari (*Italy*)
Filippo Tomarelli (*Italy*)

Room Amber 7

9:00 - 11:30

The management of bone defects with autogenous bone

SPEAKERS
Stefano Trasarti (*Italy*)

Room Amber 2

9:00 - 11:30

Digital: revolutionizing implant dentistry

SPEAKER
Alessandro Pozzi (*Italy*)

Room Amber 8

9:00 - 11:30

Enhanced Osseointegration with Osteo-immunology and sticky bone protocols

CHAIR & SPEAKER

Elisa Choukroun (France)

SPEAKERS

Jérôme Surmenian (France)

Luis Bessa (Portugal)

Marco Montanari (Italy)

Mauricio Araujo (Brazil)

Joseph Choukroun (France)

Room Amber 1

13:45 - 16:15

Digital implant planning and execution – from simple to complex

SPEAKERS

Steven Campbell (UK)

Eimear O'Connell (UK)

Room Amber 6

13:45 - 16:15

Minimalism in Sinus Elevation: Introduction to the 'DASK Simple' system

SPEAKERS

Lim Sang Chul (South Korea)

Frank Maier (Germany)

Room Amber 4

13:45 - 16:15

Revolutionizing Bone Regeneration with the L-Shape Technique

SPEAKER

Alfonso Gil (Spain)

Room Amber 8

13:45 - 16:15

4-mm-short implants in the rehabilitation of the atrophic jaws

SPEAKER

Pietro Felice (Italy)

Room Amber 7

13:45 - 16:15

GBR for vertical and horizontal ridge augmentations

SPEAKER

Hélène Arnal (France)

Room Amber 2

13:45 - 16:15

Mastering horizontal and vertical defect for bone regeneration

SPEAKERS

Fabrizio Colombo (Italy)

Francesco Mintrone (Italy)

Room Amber 3

13:45 - 16:15

Prosthetically and aesthetically vertical and horizontal GBR. The CGBR method with resorbable materials

SPEAKER

Silvio Mario Meloni (Italy)

Saturday 26th October

Room Amber 7

9:00 - 11:30

Indication and surgical procedure for bone regeneration with 3D-printing individualized titanium mesh

SPEAKER

Pierre Keller (France)

Room Amber 6

9:00 - 11:30

Minimalism in Sinus Elevation: Introduction to the 'DASK Simple' system

SPEAKERS

Lim Sang Chul (South Korea)

Cosmin Dima (Romania)

Room Amber 2

9:00 - 11:30

All-on-4 Digitale: rivoluzionare l'implantologia

SPEAKERS

Alberto Pitino (Italy)

Massimo Natale (Italy)

Hands-on session held in Italian

Room Amber 4

9:00 - 11:30

Modern surgical templates and workflows for the treatment of aesthetics and full-arch restorations

SPEAKER

Marco Tallarico (Italy)

Room Amber 1

9:00 - 11:30

Prosthetically guided full arch rehabilitation: the Pcube workflow

SPEAKER

Alberto Pispero (Italy)

Room Amber 3

9:00 - 11:30

"The Patients Choice": Immediate implant placement with zirconia implants

SPEAKERS

Karl Ulrich Volz (Switzerland)

Moritz Kneer (Switzerland)

ePosters

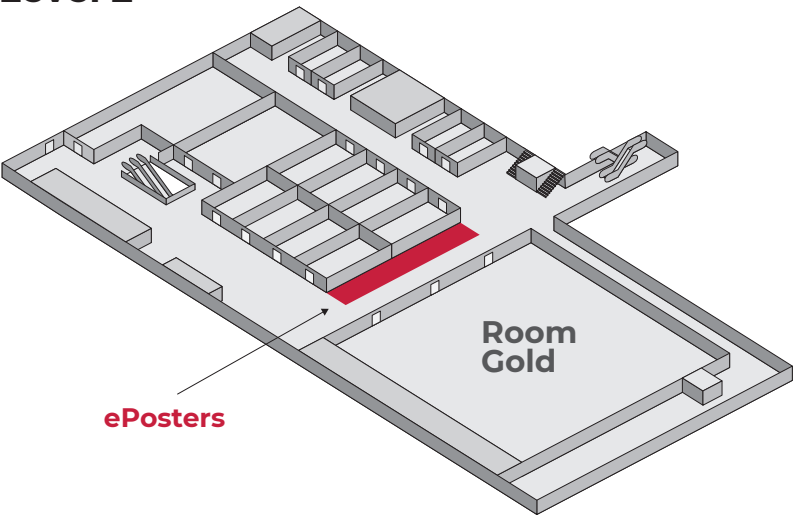

Over 350 abstracts have been selected by our experts for ePoster display on our interactive stations. ePosters have been divided into five themed categories, described below.

 This year, our ePosters area is **located on level 2, in front of Room Gold**

The full abstracts can be found in the online conference abstract book, published as a supplement of Clinical Oral Implants Research (COIR) - direct link available in our congress mobile app.

-  **Basic research**
-  **Clinical research – surgery**
-  **Clinical research – prosthetics**
-  **Clinical research – peri-implant biology**
-  **Clinical innovations**

Level 2

Our ePosters area 2024 has been organized thanks to the support of:

EAO Honorary Membership

Prof. em. Dr.
Daniel Buser
Bern, Switzerland

Honorary membership is the highest honour that the EAO can bestow on individuals who have contributed greatly both to science in the field of implant dentistry and to the association. Only nine individuals have received this recognition up until now.

Past recipients of Honorary membership of the EAO are:

- P-I Brånemark
- André Schroeder
- Daniel van Steenberghe
- Niklaus P. Lang
- Franck Renouard
- Christoph Hämmerle
- Friedrich Wilhelm Neukam
- Georg Watzek
- Wilfried Wagner

Daniel Buser is one of the most experienced international implant surgeons with 35 years of surgical experience, and he is one of the pioneers of Guided Bone Regeneration (GBR). He has performed the first GBR surgery at the University of Bern in October 1988.

He has been Professor of Oral Surgery at the University of Bern/Switzerland (2000-19). He also served as President of various academic associations including the EAO (1996/97), and the ITI (2009-13).

He received several scientific awards, among others the André Schroeder Research Prize by the ITI (1995), the Daniel M. Laskin Award (1996) by the AAOMS, the Honorary Membership Award by the AAP (1997), the Brånemark Osseointegration Award by the AO (2013), Senator honoris causa by the University of Szeged, Hungary (2014), the ITI Honorary Fellowship (2017), and most recently, the Honorary Membership Award by the Swiss Society of Implantology SGI (2023).

With his team, he has been active in pre-clinical and clinical research in the field of implant surfaces, bone augmentation with GBR, bone grafts and bone substitutes, and anatomical studies using CBCT. He has authored and co-authored with his team more than 400 publications and book chapters in the field of implant dentistry. Many of them are highly cited papers. He is also editor and main author of the GBR Book by Quintessence, which was published as 3rd edition in 2022.

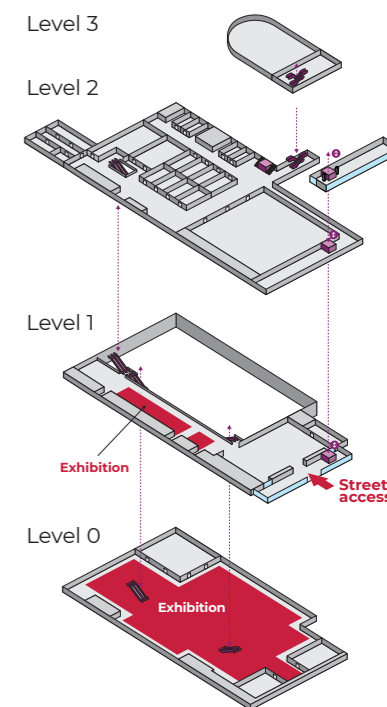

Today, he works part time in a private Centre for Implantology in Bern to surgically treat implant patients. His main activity is Continuing Education. With his friend Toni Sculean, he has established 2020 the Buser & Sculean Academy for Periodontology and Implant Dentistry. The mission is global knowledge sharing with the young generation of implant specialists around the globe using a high-quality streaming technology. In addition, he continues to widely lecture at national and international conferences as long as he is active as implant surgeon.

Daniel Buser will be honoured during the Faculty and Members cocktail dinner on October 24th.
